

Masava Super Sava

Product information

MASAVA Super Sava is a PH-neutral, water-based cleaning agent that is highly effective for cleaning and degreasing applications. Specially developed for safe use on aluminum surfaces.

Effectively removes:

- Oil and grease
- Soot
- Dirt and general grime
- Resin

Use on applications such as:

- Engine and machinery parts
- In-situ cleaning of air coolers and heat exchangers
- Deck and Bulkheads
- Floors, walls and ceilings
- Sport facility floors without removing the varnish
- Other surfaces that withstands water.

Business areas:

- Shipyards
- Breweries
- Garages
- Sport arenas
- Gymnasiums

General guidelines for diluting with water:

Depending on the cleaning task diluted Super Sava with cold or lukewarm water in a ratio of:

For lighter tasks: 1:30-1:10

For hard tasks: 1:5-1:10.

For seriously soiled cleaning or degreasing tasks use undiluted.

Apply solution with a cloth, sponge, brush or a high-pressure cleaner. Leave to soak for 1-2 minutes or more and rinse off with clean fresh water.

Wear suitable protective clothing and gloves while working.

Further Information:

The product can be used on aluminum surfaces without causing damage to the aluminum.

The product is concentrated, approx. 7,0 pH neutral

The product is free of phosphates and alkalis. The product is moderately foaming.
