

Masava Tank Cleaner

Product information

MASAVA Tank Cleaner is a highly efficient and concentrated alkaline detergent both for offshore tasks, for vessel tank cleaning jobs and fish trawlers with processing facilities onboard.

Effectively removes:

- Oil and grease
- Vegetable and animal oil
- Dissolving and removing crude glycerin
- Protein residues
- Fish oils
- Carbon based deposits and soot
- General greasy coatings
- Discoloration and residues from inert gas
- Cleans and removes fruit and vegetable juice and pulp in tanks

Application and dose rate:

The product is used by offshore and shipping-companies, by the oil industry ashore and by the food production industry ashore.

Tank cleaning, tank vessels, tanks ashore
Hold cleaning, bulk vessels
Fish trawler / fish factory vessel
Live Stock carrier

Oil tank terminals, ashore

Food and beverage producing facilities / - factories
Butchery and slaughterhouse
Egg producing chicken farmers

General guidelines for diluting with water:

Dilute MASAVA Tank Cleaner with water. The solution depends on the soilage degree.

Use an approx. 1 % solution, which corresponds to 10 ltr. per ton of wash water.

Water temperature: cold or up to 80° C.

Apply with by recirculation method, using an automatic tank cleaning system.

After cleaning rinse, thoroughly with water. Especially surfaces that come into contact, with food products or drinking water.

pH of 1% solution: approx. 12.

Approvals:

MASAVA Tank Cleaner is IMO approved and listed in Annex 10 of the MAPC.2/Circular.

Further Information:

The Masava Tank Cleaner is also available with extra foam booster or antifoam emulsion – eventually with the foam booster or antifoam emulsion delivered separately.

Available in following standard packaging sizes: 1, 5, 10 and 20 ltr plastic container, 200 ltr drums, 1000 ltr IBC container.
